Statement:

The mare must have a negative CEM-test before arrival to Stutteri Lindholm Høje.

The mare owner guarantees by the signing of this contract, that the mare/foal or any other horse which the mare/foal have been in contact with within the past 6 weeks, have not shown signs of infectious diseases.

The mare owner guarantees that the mare/foal have not had choke and guarantees that the mare/foal have not been in contact with choke-infected horses within the last 3 months.

We reserve the right to turn away any horse at the time of delivery, if we find it unsafe for the horse, other horses or the staff on site, to accept the horse.

We reserve the right to turn away mares, which in consultation with the veterinarian are not found likely to get pregnant including problem mares. The owner will be notified, and the mare must be picked up within 3 days.

Mares which have received shipment of semen must be scanned for pregnancy between 17 and 21 days after ovulation and results must be passed onto Stutteri Lindholm Høje directly hereafter on e-mail.

Ordering of cold semen:

Ordering of cold semen must be done no later than 9:30 a.m. on the day of shipment.

Semen transport drives on Monday, Wednesday, Friday and Saturday, and it is delivered along the motorway network and ends at Copenhagen around 17.00 p.m.

Ordering of cold semen must be made by tel. +45 20 22 39 75/+45 30 23 62 11 or by e-mail.

Cold semen can be picked up with no shipping cost.

Re-coverage (all prices are in DKK excl. VAT):

There is right to a free re-coverage within the same year (in the season) if the mare if not with foal or if the mare loses the foal. If shipment of cold semen is required, additional costs can occur.

In the case of stillborn (or death within 24 hours after birth) there is a right to free re-covering the following year, in return for payment of heat-package/shipment of cold semen and new booking fee of 2,000.

If the mare is not pregnant within 60 days of the most recent insemination, the total sum of 4,000 is refunded, provided the full initial booking fee have been paid. Any other costs such as veterinarian services, semen shipments, heat-package etc. will be subtracted. Veterinarian test-results must be provided within 60 days.

The re-covering right is personal and cannot be given or sold to a third party. The owner can, after arrangement, use another of it's own mares for the re-covering.

There is no guarantee that the stallion will be here the following year – if not, another stallion can be chosen, but for the price of the new stallion.

Practical information:

- Insemination takes place at Voerbjergvej 110, 9400 Nørresundby, Denmark.
- We would like to have the mares on day 25 after foaling, and in addition we would like to be notified 1 week before arrival due to space.
- Arrival and pick-up of mares can only take place weekdays between 8:00 – 17:00.
- The covering is only done by insemination.
- The mare must arrive without shoes.
- The mare cannot have a rug and fly mask.
- Identifications paper (horse passport) and CEM-test must be handed over at the time of arrival, and will be stored by Stutteri Lindholm Høje during the time of treatment and stay.
- The mare must be accustomed to grass feed before arrival (special arrangements can be made).
- At the time of booking the owner must inform of any special cares or problems, including previous diseases the horse have had.
- It is recommended to have the mare properly insured, vaccinated, and checked/treated for worms.

Stutteri Lindholm Høje collaborates exclusively with Højgaard Hesteklinik Aalborg. They are experts in all reproduction for horses.

During the stay:

- All mares are inseminated by an educated inseminator or veterinarian and is done under controlled and proper conditions.
- The stay and care of the mare and eg. foal are at owner's own expense and risk.
- We reserve the right to conduct veterinarian treatments without the owner's consent to the extent we find necessary. The owner shall cover any such costs.
- By signing this contract, the owner gives mandate for us to transport the horse if necessary.
- By signing this contract, the owners give mandate for the veterinarian to treat the mare with the intent to increase its chances of getting pregnant, including hormone treatment and antibiotics treatment.
- We reserve the right to keep the mare until the owner has fulfilled their economic obligations towards us.
- All mares and foals are checked upon daily.
- All horses are kept at grass-fold, alternatively a fold with wrap/hay.
- If extra feed is necessary, it will be carried out after contact to the owners and at additional costs.
- Mares which display aggressive behaviour will be moved and isolated and the owners will be notified.
